#### About Genetic Technologies Limited

Genetic Technologies is a molecular diagnostics company that offers cancer predictive testing and assessment tools to help physicians proactively manage patient health. The Company’s lead product, BREVAGenplus<sup>®</sup>, is a clinically validated risk assessment test for non-hereditary breast cancer and is first in its class. BREVAGenplus is designed to facilitate better informed decisions about breast cancer screening and preventive treatment plans, and is directed towards women aged 35 years or above, who have not had breast cancer and have one or more risk factors for developing breast cancer.

The Company markets BREVAGenplus, through its U.S. subsidiary Phenogen Sciences Inc., to healthcare professionals in comprehensive breast health care and imaging centres, as well as to obstetricians/gynaecologists (OBGYNs) and breast cancer risk assessment specialists (such as breast surgeons).
